April 2020 Preschool 2 Home Connection

Zoo

This unit is as good as a trip to the zoo. It's a study of animals and their homes and habitats. We will be making bear claws with biscuit dough, writing with feather quills and using popsicle sticks to make snake trails on a salt tray.

We will explore...
...Seals, Otters & Penguins
...Bears
...Birds
...Elephants
...Reptiles

At Home

Look through magazines & books to find animals that live in the zoo!

Have fun making zoo animal noises in the car together!

Down by the Seashore

Oceans, sand, sun and sea life make this unit a real splash with kids. We will also be making a gelatin fishbowl!

We will explore...
...Water
...Seashells
...Sand
...Fish
...Crabs
...Octopus
...Whales & Dolphins
...Seals
...Turtles
... Ocean Birds

Warmer days are on their way! Please be sure your child wears proper play shoes. **Please do not wear sandals, flip flops or crocs as they are very uncomfortable on the wood chips and are a safety hazard.**
