

Pre-K Home Connection November 2021

**Galaxy Ranch School will be closed
Thursday and Friday,
November 25th and 26th in
Observance of Thanksgiving.**

Under Construction

Sentences are constructed, items of clothing are constructed, pieces of art are constructed, and so on. Knowing that things are built by combining smaller parts in a certain order, children begin to understand spatial order. Their vocabulary also expands as they learn spatial words.

Color, Shape, and Size

In order to understand and describe the world around them, children must recognize the relationships among colors, shapes, and sizes. If you ask a child to pick up the small, round, red, block, he or she must understand the concepts of size and shape in order to distinguish among the blocks. Children should begin to think about and look for shapes in their daily environments.

Thanksgiving

We will be exploring what happened on the first Thanksgiving. First, we will discuss why and how the Pilgrims came to the Americas. Then, we will discuss why the Native Americans were first called "Indians". Finally, we will look at "Why they were so thankful?"

Things That Go Together

Building on previous themes, the lessons this week will strengthen the children's ability to link items to one another based on how they function together. Through various activities, children begin to examine familiar things and the way(s) they "go together."

Sun	Mon	Tue	Wed	Thu	Fri	Sat
	1 Bring Pictures of Letter "B"	2	3 Swim Rm 8 & 9	4 Swim Rm 11	5 Sack Lunch "Letter B" Show & Tell	6
