Crayons

by Dee Lillegard

Sticks of colors

Orange, red,

Yellow, green,

And brown like bread.

Blue like waves

In the sea.

Purple like bruises

On my knee.

Black like night

When I'm in bed.

Dreaming in yellow,

Orange, and red.

COLORS

As children begin to explore the world around them, they become increasingly curious about the many exciting colors. We will spend this month developing an appreciation and awareness of these colors. We will explore using finger paint, tempera paint, crayons, play dough, and a variety of other items. We will also be using color words in our language development this month through a variety of songs and finger plays.

We will end our unit on color exploration with the colors we often overlook - black and white.

Sign Language

This month, your child will be learning the following signs:

Jump Dog Cat Chair Bathroom
